

TESTIRANJE INSTALACIJE

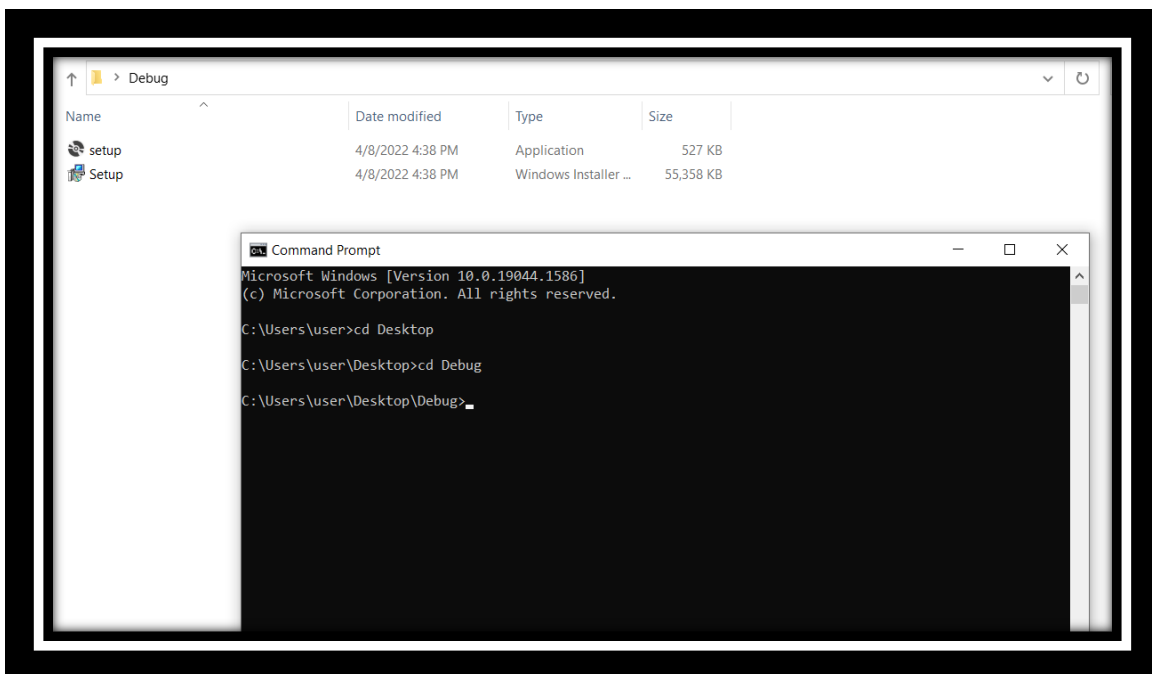

SNAPSHOT

Operativni sistem: Windows 10 Pro 64-bit

Nakon što otpakujemo datoteku sa instalacijom otvaramo COMMAND PROMPT u tom folder-u.

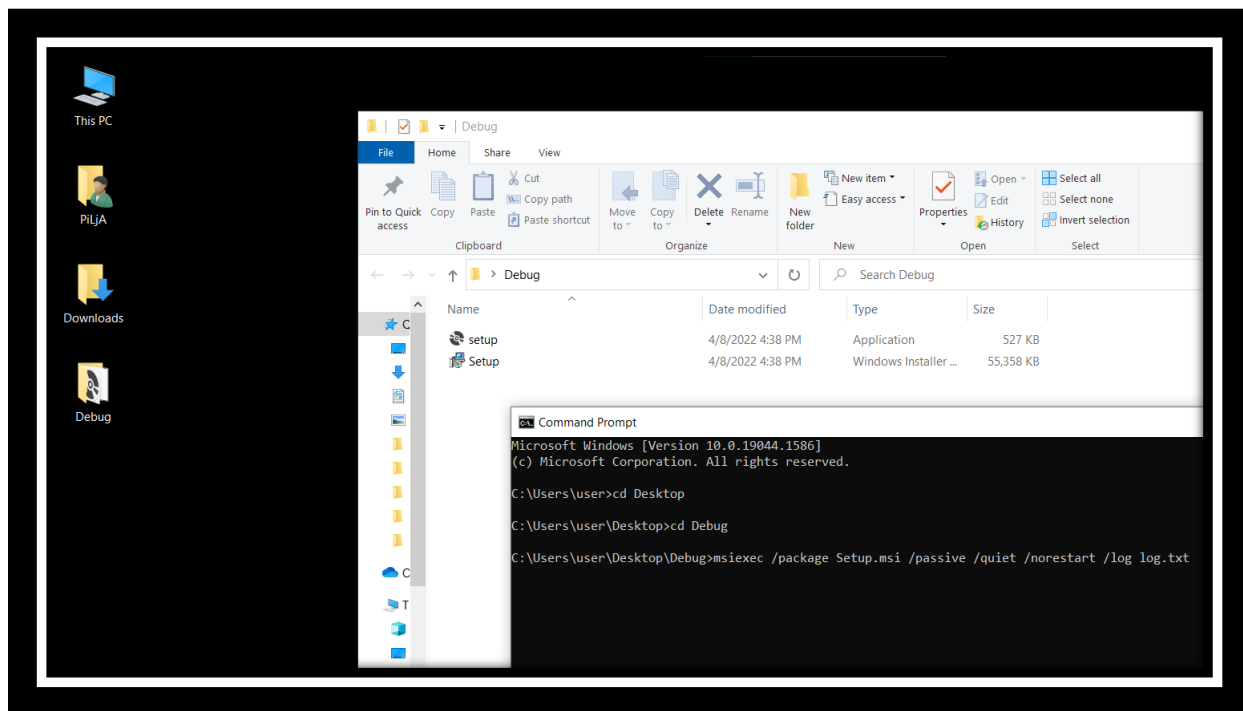

Folder sa instalacijskim fajlovima

Otvaranje command promta

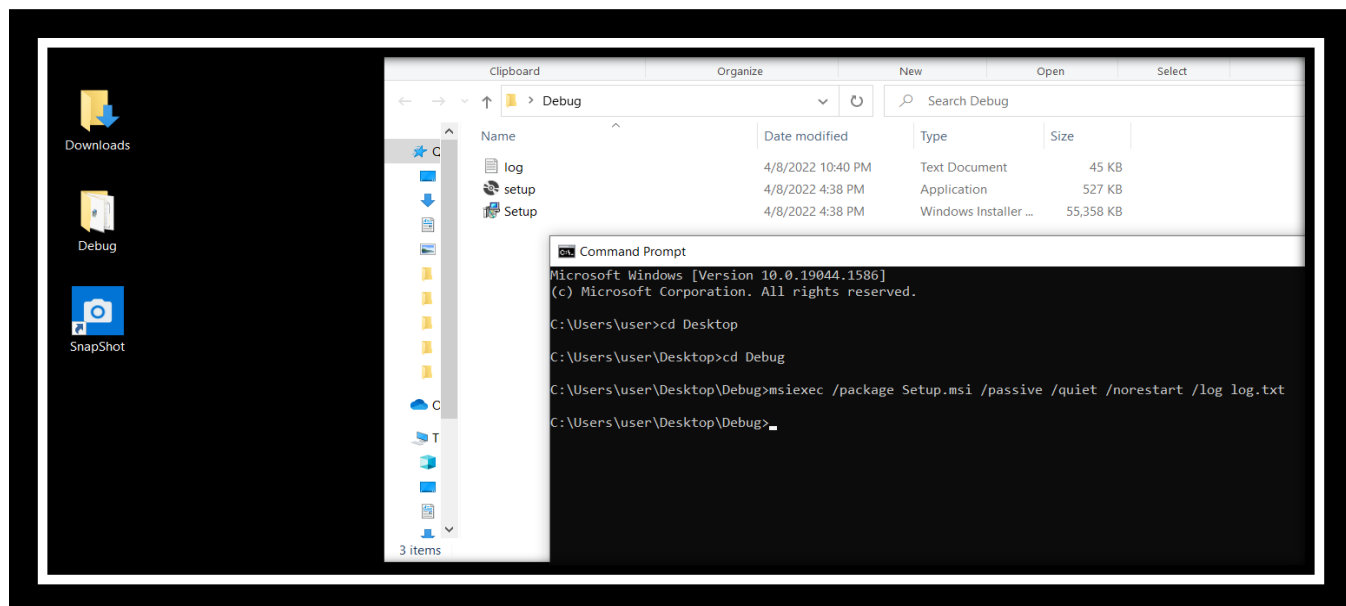

Unutar CMD-a upišemo naredbu

msiexec /package Setup.msi /passive /quiet /norestart /log log.txt

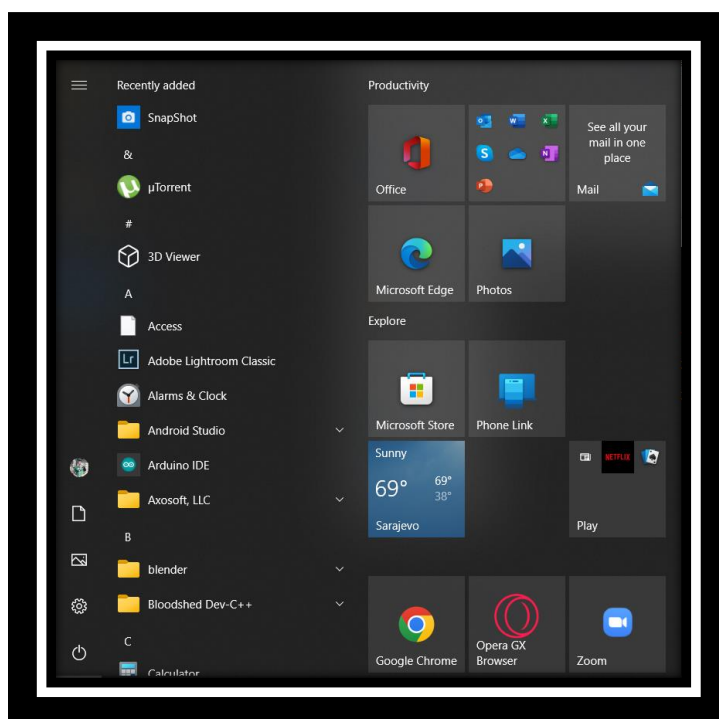

Unos naredbe u cmd

Nakon pokretanja naredbe, instalacija će se izvršiti. Na desktopu se pravi shortcut aplikacije, također vidimo je i u start meniju. Pored toga generiše se i datoteka log.txt unutar koje se nalaze podaci o instalaciji same aplikacije. Nakon toga možemo da koristimo aplikaciju (klikom na shortcut).

Desktop shortcut i log.txt

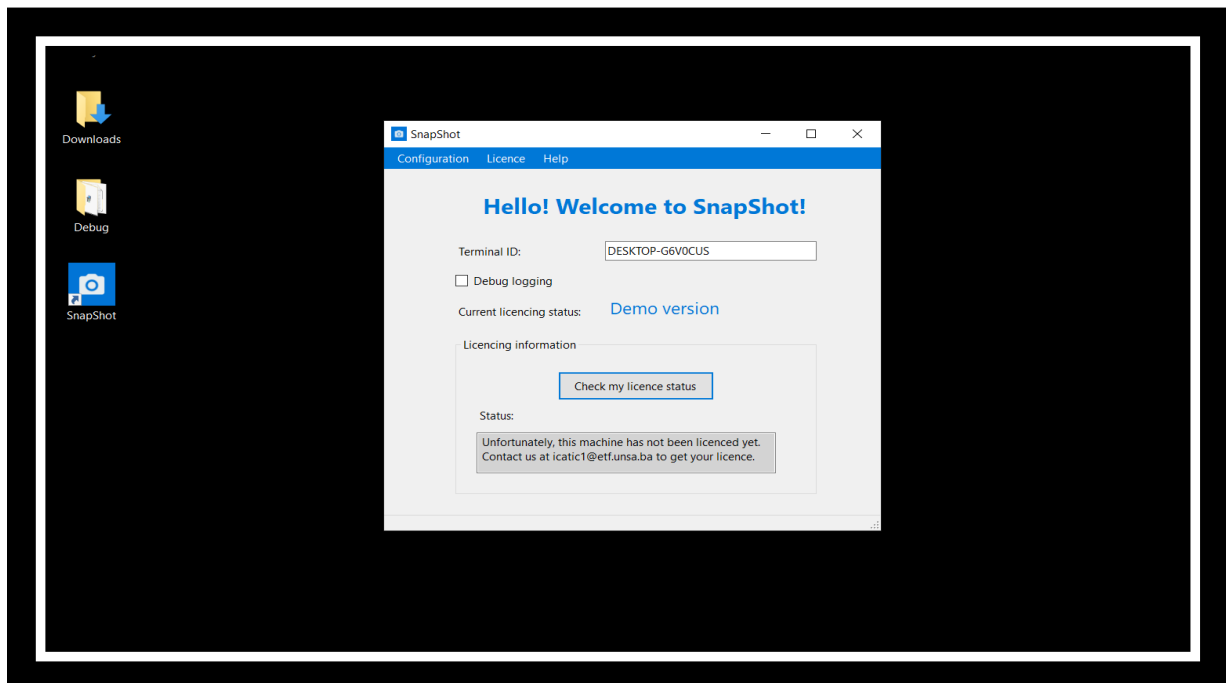

Start meni

```
